

ENERGY EFFICIENCY & RENEWABLE ENERGY, WASTE MANAGEMENT & RECYCLING

SOUTH-EAST EUROPEAN FORUM

28–30 March 2012, Sofia, Bulgaria

The South-East European Forum will outline good business opportunities in this part of Europe and promote best environmental practices. The event includes in its format a Congress and Exhibition on Energy Efficiency and Renewable Energy (EE & RE), SEE Solar Exhibition and 'Save the Planet' - Conference and Exhibition on Waste Management, Recycling and Environment.

The EE & RES Congress and 'Save the Planet' Conference

More than 80 top-level speakers from 14 countries will give their perspectives on the financial, technological and trade opportunities in the green economy.

[EE & RES Congress Program:](#) EE & RES Financing, Biomass Resources and Bioenergy

[Waste Management Conference Program:](#)

Waste Management, Recycling, Landfilling, Waste Prevention and Waste-to-Energy
